

About AspenTech®

AspenTech is a leading provider of software that optimizes process manufacturing. Using integrated aspenONE® solutions, process manufacturers can implement best practices for optimizing their engineering, manufacturing, and supply chain operations. As a result, AspenTech makes it easier for customers to achieve their operational excellence goals.

Company Highlights

- 30 years of technology leadership exclusively focused on the process manufacturing industries
- The leading provider of process modeling, plant operations, and supply chain solutions
- Global, blue-chip customer base of over 1,500 companies
- Eleven of the company's 14 largest products are #1 worldwide
- Award-winning customer support

aspenONE®

AspenTech's industry-leading solution is aspenONE, a suite of applications that integrates and optimizes engineering, manufacturing, and supply chain operations by incorporating AspenTech's 30 years of process industry expertise. The aspenONE suite is tuned for specific process industry market segments, and addresses inefficiencies end-to-end.

Markets Served

AspenTech is 100% focused on creating value for the process manufacturing industries:

- Energy
 - Exploration & Production
 - Refining & Marketing
- Chemicals
 - Polymers
 - Bulk Chemicals
 - Specialty Chemicals
- Engineering & Construction
- Pharmaceuticals
- Power & Utilities
- Consumer Products
- Pulp & Paper
- Metals & Mining

Customers

AspenTech process optimization solutions create value for the world's leading process industry companies:

- 19 of the 20 largest chemical companies
- All 20 of the largest petroleum companies
- 17 of the top 20 engineering & construction companies
- 15 of the 20 largest pharmaceutical companies
